

The mrule ICA PROGRAM

So, what exactly IS an Intercultural

For MID YEAR positions beginning in Jan 2015: 11/20/15 For 2016 17 positions beginning in Aug 2016: 12/31/15

Intercultural Aides (ICAs) are undergraduate student staff members who live and work in the residence halls to help students make successful social, cultural, and academic transitions to MSU.

MSU students come from many different backgrounds, cultural experiences, and parts of the world. When first entering MSU, it is can be an overwhelming experience. Therefore, ICAs are responsible for providing individualized student contact, informing students about campus resources, and implementing engaged learning opportunities in the different neighborhoods on campus for students to interact across difference and build genuine inclusive community.

If you have questions or would like more information about the ICA Program, seek out a current ICA! They are located in residence halls, and you can also meet them at weekly MRULE Roundtable discussions and ICA-sponsored programs in the various Neighborhoods!

You can also contact Jeanne Gazel, PhD (gazeljea@msu.edu) or Maggie Chen Hernandez (chenma@msu.edu)

What we're looking for in candidates:

- Eagerness & interest in working and interacting with diverse peoples
- ✓ Interest in learning about the many diverse cultures and peoples of MSU's community
- ✓ Experience living in a residence hall for at least one semester
- ✓ Open mindedness towards new ideas and different perspectives
- Interest in personal and professional growth & development
- Must have a minimum cumulative GPA of 2.75
- Previous leadership experience
- Integrity and maturity
- A positive and enthusiastic attitude!

As an ICA, you will gain the experiences of:

- Actively engaging with diverse populations as an academic and social role model to support students' needs.
- Developing effective communication, cooperation, and teamwork skills as a means of leading change in multiple, often ambiguous, settings with diverse populations to foster inclusive communities.
- Applying knowledge of identities and intercultural communication to resolve issues, build community, and develop authentic relationships.
- Applying knowledge of campus resources and policies to assist with students' academic and socio-emotional transitions.
- Facilitating and consulting on interpersonal and community conversations by connecting diverse perspectives, ideas, and ways of knowing.
- Valuing the use of holistic, global, and systems perspectives to understand and enhance the communities in which you live and work.
